

Power Paws Assistance Dogs, Inc.

Our mission is to provide highly skilled assistance dogs to people with disabilities, education, and continuing support for working assistance dog teams, and to be a resource in the community for people with disabilities.

General Information Process for Placement of Service Dog

Power Paws provides service dogs for civilians and veterans in four “areas of placement:”

1. Type I Diabetes (Endocrinologist)
2. Post-Traumatic Stress Syndrome (Psychiatrist)
3. Mobility Challenges (Neurologist) or a
4. Facility (Animal Assisted Interventions).

Power Paws does not match dogs based on symptoms, but the specific diagnosis in our “four areas of placement.” We train and place service dogs for a single diagnosis. If your need for a service dog is outside our “four placement areas,” please contact Assistance Dogs International (www.assistedogsinternational.org) and complete a member search to find the right agency.

To start the process: Power Paws will need a one paragraph (brief bio) with your name, address, phone number and email.

Part A. Next steps. Contact your physician's office, and ask that they provide Power Paws with the following:

- Your Diagnosis, Date of Diagnosis, and stage of health challenge.
- A prescription for an Assistance Dog in one of our “four areas of placement.”
- Physician's correspondence, faxes and/or Prescription can be sent directly to Power Paws:
 - 480-947-3090, reference the name of applicant and date of birth, .
 - Via email: placements@azpowerpaws.org, or
 - Mail to: Power Paws Assistance Dogs
Placement (include applicant's last name)
8250 East Rose Lane
Scottsdale, AZ 85250
- Physician's prescribing Assistance Dog should include his/her license number and the state granting his/her practicing license.
- Power Paws will contact “the applicant” within 48 hours after the information is received.

Part B. Next Steps.

- Power Paws will send you “the applicant” a questionnaire and medical release for your signature.
- Your signed medical release form must be received by Power Paws, before the
 - Medical Questionnaire is sent to your physician.
- Power Paws must verify receipt of your signed medical permission slip to request information from your physician.
- Power Paws will then send your physician a medical questionnaire.

Part C. With both questionnaires complete, Power Paws training staff will evaluate the questionnaires and inform you if we can help you find the right assistance dog to serve you.

Part D. After completion of all the paperwork. Placement of a service dog could be 12-16 months. However, at any given time, if the right canine is available your wait time could be shorter. Power Paws will call you with the availability. Applicant must confirm their participation with a deposit of 50% within two weeks. Client will be invited to start a Client Readiness program to work toward placement. An update of our progress to find the right service dog for you will be provided every three months.
